Connect | Communicate | Care[®]

CIPC Registration

Atlantic Holdings (Pty) Ltd and all its subsidiaries are registered South African companies. Details are available on request.

The company is registered with ICASA as an Internet Service Provider and holds both an ECS and an ECNS licence from ICASA (0105/I – ECS/Jan 09 and 0105/I – ECNS / Jan 09). We also hold a tele-communications suppliers licence, ICASA Supplier Licence SUP/42

Company Credentials

Atlantic was founded in 2002 and specializes in network technology, telephony, audio-visual, and visual collaboration.

Save time, more...®

Management

Atlantic is headed by Doug Reed B.Sc. (Eng) Pr.Eng., a qualified engineer with a lifetime of experience in telecommunications.

It is the sole South African distributor for Toshiba Telecommunication Systems (PABX / VOIP)

TOSHIBA
Leading Innovation >>>

Our team includes experienced system architects who have been entrusted by leading corporates and government departments to design their telephony systems (PABX), Wide Area Networks, audio-visual, and visual collaboration systems.

Atlantic is an Openserve wholesaler, able to offer all connectivity options on their behalf.

What we believe

- We should never offer a solution that we would not implement in our own company if we were in the customer's position.
- The sole purpose of our extensive technical skills is to make technology easy to live with for our customers.
- The best way for us to ensure a good experience for our customers is to take responsibility for every part of the communications chain, from the network circuit to the final endpoint equipment.
